Subject: U. S. Steel Gary Works NOV/FOV

Ms. Argentieri:

In the NOV/FOV that U. S. Steel received on July 3rd, U. S. EPA refers to several VE readings taken by U. S. EPA during its multimedia inspection last May (e.g., paragraphs 7, 8, 9, 15, and 19 refer U. S. EPA VE observations). Could EPA please provide U. S. Steel with copies of its readings? I know that Brian is out of the office this week; however, I was hoping that you would be able point me in the right direction in getting the copies. Thank you.
